2009 - 2010

INTRODUCING:

Delbard®
Créateur de nature

*Dawson's proudly
welcome you to the world
of Delbard French roses!*

The Delbard family have been breeding fine garden roses in France since the 1950s. Now Dawson's is pleased to offer you a complete range of beautiful Delbard garden roses, all with that undeniably French romance and sophistication. We're sure you'll enjoy discovering and growing Delbard roses.

Shop early as our Delbard roses will only be available in limited quantities during their first year of release!

Dawson's first release of Delbard French roses includes:

Delbard French Roses™

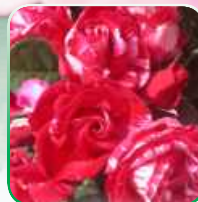

Alfred Sisley™

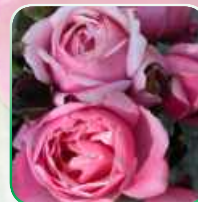

Chartreuse De Parme™

France Libre™

Henri Matisse™

Soeur Emmanuelle™

Grimaldi™

Red Intuition™

Dawson's Roses - a Growing Tradition

Dawson's Garden World is a family owned, Western Australian company which has specialised in growing roses for West Australian gardeners, since 1903.

Dawson's roses have always been famous for their quality and hardiness. To make sure you get the best, Dawson's roses are grafted onto quality, Rosa Fortuniana rootstock, proven to out-perform others in WA. Your Dawson's roses will provide you with year after year of beautiful, colourful blooms.

At Dawsons we don't just sell roses. We've been helping gardeners get the best out of their rose gardens for over 100 years, so there's no better place to go for expert rose advice. Our catalogue is presented in colour groups and we hope this will aid easier selection and comparison of varieties.

Because we grow the quality roses we sell, we confidently guarantee them all. *Happy Gardening!*
