## HOW TO USE

DO NOT use on plants that produce food for human or animal consumption.

| Plant/<br>Situation                             | Pest   | Rate                        | How to Apply   |
|---|--|-----------------------------|--|
| Ornamental<br>plants                            | Two-<br>spotted<br>Mites<br>Whitefly<br>Aphids | Mix 10mL<br>per 5L<br>water | Apply when pests appear. Re-apply every<br>7 days while pests are present. Good<br>coverage is important so apply spray to<br>upper and underside of leaves to point of<br>run-off. Note plant safety CAUTION below. |
| Potting soil (for<br>ornamental<br>plants only) | Fungus<br>gnats                                | 30mL/10L<br>water           | Apply as a soil drench using<br>approximately 1 litre mixture per 8 litres<br>potting soil.  |

**NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY  
TO THIS LABEL UNLESS AUTHORISED.**
