

# KANGAROO HOP!

*Long flowering Bush Gem Kangaroo Paws will have you hopping with joy!*

**K**angaroo Paws are iconic Australian plants. Breakthrough breeding in Australia over the last 20 years has produced the stunning Bush Gem range. These outstanding hybrid Kangaroo Paws are easy to grow, low maintenance, long flowering and drought tolerant once established. They look brilliant when group planted, so consider spectacular mass plantings to create eye-catching blocks of Aussie colour.

Bush Gem Kangaroo Paws are great performance plants for the modern Australian garden. They're equally at home in the garden or in feature pots, and they make great cut flowers with a two-week vase life. With emerald greens, striking reds and burgundies, golden yellows, oranges, pink and white, Bush Gems showcase the brilliant colours of Australia. As an added bonus, Kangaroo Paws are a great way to attract birds to your garden. So get planting now!
